

Rubber Hose Reel Cabinet

HEBA provides high performance **DOUBLE DOOR RUBBER HOSE REEL AND FIRE EXTINGUISHER CABINETS** in Recessed or Surface Mounted design, available in Manual or Automatic.

All Fire Hose Cabinet as well as sheet-made parts are:

Constructed from 1.2 mm Cold Rolled steel (CRS), with all round folded edges, even Hose reel edges are curled to assure the safe handling. **Heba Fire Hose Cabinets** are fabricated with Metal Inert Gas Welding Process, then pretreated with zinc phosphate to improve rust resistance, afterwards, they are electro statically painted with red polyester resin paint before being baked in the oven to give a hard wearing resistance, and gloss finish.

Fire Hose cabinets are painted red color polyester resin-Texture finish

In addition, Heba can provides Rubber Hose Reels in either manual or Automatic operating type.

HEBA is not only manufacturing you designs, but also makes your dreams come true.

Hose reels have been **hydrostatically** tested to 40 bar pressure for leaks. High level quality control standards are implemented to get quality products.

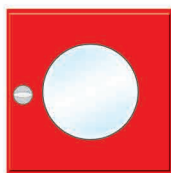

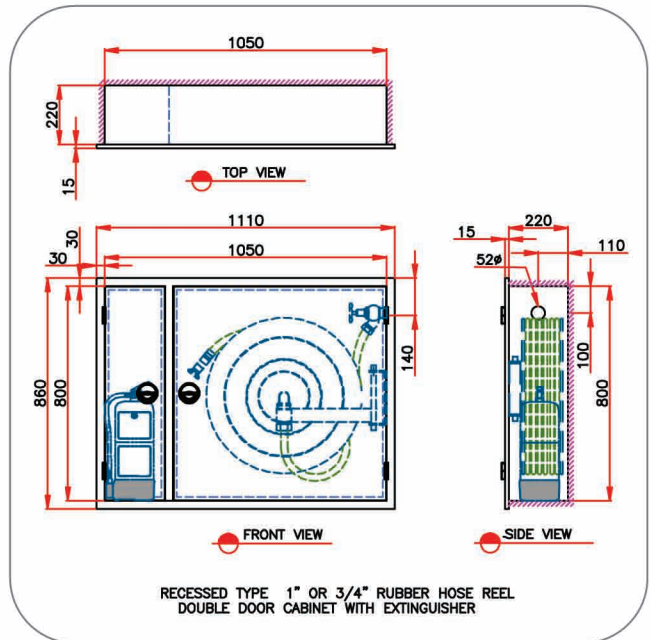

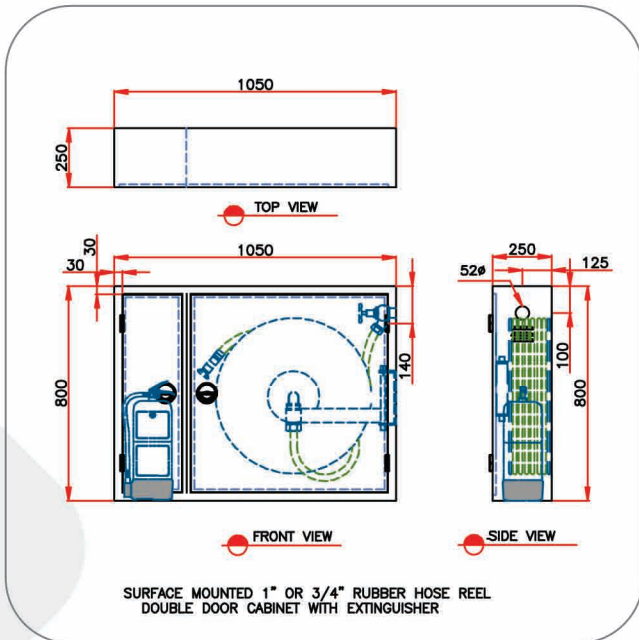

RUBBER HOSE
REEL CABINET
